Table of Contents: Volume 2 (1992)

Number 1

Metadatabase Modeling for Enterprise Information Integration ..... *Cheng Hsu, Gilbert Babin, M'hamed Bouziane, Waiman Cheung, Laurie Rattner, and Lester Yee* 5

An Issue of the Next Generation of Problem-Solving Environments ..... *Daniel E. Cooke* 39

Rapid Software Integration Using Structured Methods ..... *Mark J. Bennett* 53

An Environment for Integrated Development and Evaluation of Real-Time Distributed Database Systems ..... *Sang H. Son* 67

Current Status and Future Trends of CIM in the Japanese Steel Industry ..... *Masao Ito and Hiroshi Furukawa* 91

Number 2

Modeling Collaboration for Large-Scale Software System Integration by Formal Communication Models ..... *Christian Stary* 121

The MINI Software Factory: Development of Kernel Mechanisms around Process Modeling and Software Bus Techniques ..... *Frédéric Fournier* 145

A Formal Approach to Perfective Software Maintenance: System Integration Using a Basis of Formal Object-Oriented Components ..... *David Rine* 169

Framework of a Multitasking C++ Based Programming Environment MCPE ..... *Pei-Chi Wu and Feng-Jian Wang* 181

Number 3 (Special Issue: Environmental Management Systems)

Editorial ..... *Peter A. Ng* 211

A Systems Approach to Chemical Management by Manufacturing Firms in an Environmentally Constrained World ..... *Braden R. Allenby* 213

Mathematical Modeling of a Radioactive Waste Disposal System .... *K.W. Dormuth* 227

Pollution Ranking of New Technologies ..... *Henry Shaw* 249

Integrating Forward-Chaining Rules with Operations and Permanent Knowledge Bases ..... *Christopher F. Eick, Jia-Lin Liu, and Paul Werstein* 263

Difficulties in Integrating the IT Qualification Test and Training Curriculum ..... *Fumihiko Kamijo* 291

Number 4

An Integrated System Design Environment: Concepts and a Status Report ..... *A.H. Dogru, S.N. Delcambre, C. Bayrak, Y.T. Chen, E.S. Chan, W. Yin, M.G. Christiansen, and M.M. Tanik* 319

Development and Integration of a Concurrently Executing Interactive User Interface for the I-STAT Portable Clinical Analyzer: A Case Study in Real-Time Systems Integration ..... *Paul A. Gibson and Alexander D. Stoyenko* 349

Forming Telecommunications Software Specifications from a Service-Driven Model Using Enhanced Software Tools ..... *E.J. Cameron, C.A. Norman, Lillian Ruston, and Hassan Srinidhi* 389
